Cancellation of Processing for [REDACTED]

25X1A9a

1. Today [REDACTED] and I reviewed the TO for the Services Division and concluded that it is necessary to cancel the action for [REDACTED] in process for S/TR (alot 376.01) as a GS-13. Contrary to our earlier prediction, S/TR is now over strength by three professionals and no attrition seems imminent. Furthermore, [REDACTED] grade and his specialization in transportation preclude us from transferring him to another branch.

2. Since [REDACTED] was personally interviewed by [REDACTED] he has written the attached letter explaining the current situation and reasons for cancelling the application. It is recommended that the letter be forwarded to the Office of Personnel suggesting that they send it either in addition to their usual cancellation letter or in lieu of the same.
